Shop now Choosing a smart TV box Sometimes being spoilt for choice can be a bit of a headache and with Android Smart TV Boxes your options can seem endless. We want you to make the right decision to get the most out of your perfect entertainment experience, so our range has been carefully selected to combine state-of-the-art technology with the best value available. Whatever your requirements or budget, we have the perfect box for you without having to reach for aspirin! Which box is best for me? Read more Plug It In And Sit Back All you have to do is connect the set top box to choose your favorite apps or build them, which fortunately makes it so easy to do any adult can perform surgery without help from the youngest family member, and connect to the Internet. As long as your broadband connection can collect a stable and consistent speed of around 5Mb or more, you will instantly up, running and connecting with existing online streaming websites. But the real big problem is that now you have access to every movie and TV show ever made, sports, international content, and almost everything else imaginable. Ultimate Entertainment Experience Do you dream of one day enjoying the ultimate entertainment experience? Sounds pretty brilliant right, but expensive. Well, yes and no, actually it's much more than just brilliant, it's really amazing and no, you don't have to own a super yacht to afford it. In fact, it's already on your wall or in the corner of your living room. It's that big flat black rectangular piece of furniture you call tv. The only thing missing to take your existing glasses box into the super-fast gates into the most fabulous, jaw dropping, exciting and exciting entertainment center in the world is the Android Box. And the magic word for all this endless joy is simply 'streaming'. Amazing content To get some idea of all the amazing content and almost unlimited material at your fingertips, think about all the things you can do on your smartphone or tablet, now you can make them all on the screen the right size. Congratulations, now you're the owner of a smart TV you didn't know you had. All Android TV Box Delivery boxes are fully guaranteed, premium branded and use the latest generation software that gives you easy access to over two million ready and compatible Android apps through the pre-installed Google Play Store. This gives you almost unlimited choice options and the most innovative, fun filled and and you want to install on your TV. Music The miracle of your Android TV Box doesn't end up watching ecstasy alone, remember that your TV can do virtually everything your mobile device can, which means you have access to all your tunes. There are hundreds of music apps that give you the opportunity to sit back and relax, conduct or play guitar on any music genre that is sometimes soothed, stimulated or deafening by the human ear. Just imagine listening to your playlist through a decent soundbar or annoying neighbors with your best karaoke. Gaming Since your TV is now on the Internet via Android TV Box, you can also play your heart's content with access to game streaming apps indefinitely and beyond. No more squinting through real time strategies or first person shooters as all the action is now on the big screen. You can load your social media profile to see what's happening to friends, family, and people you're watching, and you'll receive notifications directly on your TV when you receive a new post, message, or tag. You can also chat with your nearest and dearest around the world using Skype. So what are you waiting for? Shop now
